European Green Deal aspirations

- **Target:** "Accelerating the shift to sustainable and smart mobility".
- Women workers could play a key role on EGD
- Observed climate and health caring attitude of women could be orient the digitalization to a sustainable mobility...

Social and *Green*: can they go together?

- Adding the *Green* dimension consideration to the *Social* dimension of the transition towards automation and digitalisation in transport, focusing on the labour force

(Traducción): Añadir la consideración de la dimensión verde a la dimensión social de la transición hacia la automatización y la digitalización en el transporte, centrándose en la mano de obra

NextGenerationEU breakdown ¿que es lo nuevo realmente?

What are EU missions?

EU missions are commitments to solve some of the greatest challenges

1. facing our world like fighting cancer, 2. adapting to climate change,

3. protecting our oceans, living in greener cities and ensuring soil health and food.

They are an integral part of the Horizon Europe framework programme beginning in 2021.

Each mission will operate as a portfolio of actions – such as research projects, policy measures or even legislative initiatives - to achieve a measurable goal that could not be achieved through individual actions.

EU missions will contribute to the goals of the European **Green Deal, Europe's Beating Cancer Plan as well as the Sustainable Development Goals.**

Traducción

¿Qué son las misiones de la UE?

Las misiones de la UE son compromisos para resolver algunos de los mayores desafíos

- 1. a los que se enfrenta nuestro mundo, como la lucha contra el cáncer*
- 2. la adaptación al cambio climático*
- 3. proteger nuestros océanos, vivir en ciudades más verdes y garantizar la salud del suelo y los alimentos.*

Forman parte del programa marco Horizonte Europa a partir de 2021. Cada misión funcionará como una cartera de acciones -como proyectos de investigación, medidas políticas o incluso iniciativas legislativas- para lograr un objetivo cuantificable que no podría alcanzarse mediante acciones individuales. Las misiones de la UE contribuirán a los objetivos del Pacto Verde Europeo, el Plan Europeo contra el Cáncer y los Objetivos de Desarrollo Sostenible
